

What We Are Looking for in a Young Ambassador

If you are a young woman between the ages of **20-25** and would like to enter our Young Ambassador Quest but aren't sure what we are looking for, the qualities and skills below will help guide you.

We are seeking someone who:

- Works well within a team, showing **team spirit**, dedication, and a genuine commitment to the **growth and development of** their peers and the sport campdrafting into the future.
- Understands that leadership isn't always about being in the spotlight- sometimes it's about working behind the scenes, even on the smaller tasks that help everything run smoothly.
- Supports CLF fundraising activities, particularly through selling Monster Raffle, Lottery Tickets and CLF merchandise and assisting at the Nutrien Classic event (independent by entrants fundraising is *not* required).
- Is innovative, determined, and inspired to raise not only funds but also awareness of CLF Charities - sharing how contributions make a positive difference in the lives of those we support.
- Demonstrates potential to be an active committee member or future leader, showing passion for progress, sportsmanship, and making meaningful contributions to our industry.
- Brings creativity, innovation, and commitment, while also collaborating effectively, listening to others, and working toward shared outcomes.
- Recognises and manages conflicts of interest, always putting the greater good of the group first.

- Shows adaptability- able to think on their feet, embrace change, and find practical solutions when plans shift, especially during a live event like Nutrien.
- Offers fresh ideas, new perspectives, and a willingness to help CLF grow and evolve.
- Maintains confidentiality and understands when discretion is required.
- Can comfortably interact with people of all ages and backgrounds, contributing to a welcoming and positive community spirit.
- May not yet be a confident public speaker but is willing to give it a go and grow those skills.
- Is open to pushing personal boundaries, meeting new people, and stepping outside their comfort zone for the benefit of others.
- Shows commitment to their Quest entry and the compulsory activities involved.
- Prepares in advance for the responsibilities of the role, demonstrating good time management, organisation, and multitasking skills.
- Understands the importance of animal welfare and how public perception of our industry can shape its future.
- Shows potential to inspire and mentor other young women, encouraging them to step forward and take part in opportunities like the Young Ambassador Quest.

In summary:

We are looking for someone who embraces growth, development, sportsmanship, leadership, positive contributions, and team spirit- all while enjoying the journey of the Young Ambassador Quest.

The above are just some points of consideration when selecting our Young Ambassador Winner and Runner Up, and other prize recipients.

We wish every entrant the best of luck, and most importantly, hope you enjoy your participation in the Quest!

Please visit our **Frequently Asked Questions web page** for more information.

Entry forms are available by emailing, or on our website.
